

## Innovation Union Lab

This Marble Madness-like designed on **Innovation Union Lab** initiative, sensibilizes players to relevant **UE themes** such as R&D, jobs, etc. embodied by colored technological spheres. The game, stretched on various levels, invites the player to collect every single **sphere** to boost his scoring and make his contribution to the UE **effort to innovate**.

### Objectives of the serious game :

- Different levels available
- Become aware while having fun
- Change for the better getting a higher score
